DFW viewers calling regularly to request prayer, Bible studies, program schedules, as well as asking about programs they've been watching, or to find a church near them.

Good News TV started in Arizona 13 years ago, where at least 1/3 of new-believers being baptized in area churches today trace their introduction to the Adventist Church to this television ministry. It is estimated that 98% of viewers are not Seventh-day Adventists.

Help support the joy of seeing viewers walk into your church for the first time, often without any previous contact. Those who join become active members, who are more likely to stay since they are continuously nurtured and encouraged through the Christ-centered, truth-filled programming on the channel!
